SUPPLIER VS BUYER ACCESS

Supplier Access:

- All agencies must have a supplier account
- For agreements with state agencies
- Searching for grants and opportunities
- This can be a self-registration function
- Suppliers need to be setup in the system to be paid by the state

Purchasing/Posting Access

- ORCPPS need to go through DAS/Tim Hay to obtain this access
- State Agencies all have OA's and should request through that OA

Public Searching

- You don't need a login in order to search for agreements or opportunities
- The system will allow you to find them, but in order to get respond or take any action, you need a login to progress
