

**Salem Capitol
Connections**

Building relationships that lead to opportunities across Oregon.

**See you
in January!**

**No meetings in
November or
December
this year**

Greetings, we hope you are all doing well.

As Salem Capitol Connections works on becoming a non-profit to better serve the business community, we want to advise you that we will not hold monthly events in November or December.

All our events and services for the past eight years have been at no cost to the business community. Our goal is to continue with that philosophy by becoming a non-profit, allowing us to access more resources and funding to support our small business community.

Over the past eight years, SCC has been led by a group of volunteers who are very committed to the success of the local business community and business owners. I want to thank the volunteers for their passion, commitment, and persistence in making SCC a successful business organization.

Moving forward, we need to build our infrastructure and solidify our foundation to achieve the next level of service delivery. Becoming a non-profit will allow Salem Capitol Connections to do that.

Thank you again for your loyalty, support, friendship, and commitment to being part of our SCC family. If you have any questions, please get in touch with me, Marin Arreola, at 503-999-5022, or feel free to email me at advancedecon@aol.com.

May you enjoy this hectic and joyous time of year. Whatever and however you celebrate, enjoy!
