In the near future, DAS PS, in partnership with Oregon State Agencies and Oregon Cooperative Procurement Participants ("Authorized Purchasers"), will be conducting a formal Request for Proposal ("RFP") process with the intention of awarding multiple price agreements for DEIB consulting, training, facilitation & strategic planning services.

In an effort to better define and clarify services, DAS PS and Authorized Purchasers are holding this industry forum to allow invested parties to share their needs with the forum attendees. The forum will also allow the attendees to provide feedback relating to the expectations of the Authorized Purchasers. Attendees will also be able to provide feedback on topics such as:

- **What are some barriers to submitting a proposal in response to an RFP?**
- **What would make the RFP process more accessible to more organizations, large and small?**
- **What type of Services are offered?**
- **How is your organization's pricing structured for consulting and training?**
- **Is the training offered by your firm customizable to meet the Authorized Purchaser's needs?**

The forum will be facilitated by a panel of 5 to 7 members and include narrative about their agency, their agency's DEIB needs, the DEIB challenges their agency faces. Each narrative will be followed by an opportunity for the attendees to provide feedback relative to the information provided. An alternative method of responding to the narratives and providing feedback will be made available to any attendees not able to respond during the forum.

The intent is to begin a collaborative dialog between Authorized Purchasers and attendees, to establish an RFP process that is fair and accessible to all suppliers and that will provide the necessary services to the Authorized Purchasers.
